

4-8 July, 1999 XVI Seroptimist International Convention,
Helsinki, Finland

Light Summer Night On Bus 26

by *Alison Sutherland, London Club, Central and South West Region, SIGBI*

Bus 26 went to Konstringeum as guests of SI Helsinki III - an art museum in a private home displaying a wonderful collection of Finnish art, sculpture, paintings and furniture. After a reception in the gallery the chief guide, a Seroptimist, told us the history of the collection; we heard a beautiful piano recital by a student of the Sibelius Academy and then had a splendid supper - as we mingled in the galleries and on the forested shores of the nearby lakeside. A wonderful evening.
